Church Work Bee

Sunday, March 19, 2017 Starting at 9:00 a.m.

Projects:

1. Tear up and Haul away main sidewalk on the south side of the church. (Jack hammers provided, we need strong arms.)
2. Remove brush and dig trench around Fellowship Hall

Bring:

- Gloves for your hands
- Shovels, to dig up dirt and remove tree roots
- Picks, to help with the digging of drain system around Fellowship Hall
- Most importantly bring yourself, even if you don't have the above

More details on back of this flyer.
*The best part of a work bee is the fellowship. Don't miss out on the fellowship as we **serve God** to make the repairs needed at His church.*

Many hands make the work light.

Church Work bee on Sunday, March 19 starting at 9:00AM.

The main project for the day will be to tear up and haul away the main sidewalk on the south side of the church.

We will have a couple jack hammers available, but will mostly need strong arms with gloved hands to carry the concrete to a dumpster.

Bring shovels to help dig up the dirt and remove as much of the tree roots as possible. We want to prepare the area to have new concrete poured the following week.

The bushes and shrubs in front of the south end of the Fellowship hall need to be removed in preparation for installing a proper drain to protect the building during heavy rains.

We also plan on taking down the large satellite dish that is no longer being used.

The more hands we have the quicker and easier it will be.

If all goes as planned, we should have a new sidewalk in place for the following Sabbath.
